

Logitech® Wireless Trackball M570

A different kind of comfort and control

Your coffee table. Your favorite chair. Your comfy bed. Now there's no limit to where you can get precise cursor control. This hand-friendly wireless trackball lets you work and play wherever you want. No mouse to move around. No tricky keypad leaving your hand feeling cramped. Just roll the ball with your thumb and click. Precision never felt so comfortable.

FEATURES AT A GLANCE

Stay-put Comfort

Unlike a mouse, your trackball stays in one place. Thumb-based cursor control and a hand-supporting shape let you work comfortably all day—without even moving your arm.

Plug-and-forget Unifying receiver

- Tiny wireless receiver can stay in your laptop
- Add Unifying-compatible devices without multiple receivers filling up your USB ports
- Robust wireless connection—control your computer or home theater PC from up to 30 ft. away**

Power to spare

- Go for up to 18 months without a battery change*
- Uses just one AA battery (included)

Quick-access controls

Back/Forward buttons, scroll wheel and programmable buttons*** help you perform everyday tasks faster and easier.
